19th March 2024 – 8 Ramadan 1445

Dear Parent/Carer,

Assalaamu Alaikum – ‘Peace be upon you’

Star Innovators Challenge: Science Week 2024 competition for secondary pupils

We are writing to announce an exciting competition that is open to all secondary pupils across the Star Academies family of schools – the Star Innovators ‘*A Change In Time*’ Challenge.

Pupils are being challenged to research the world of Artificial Intelligence and how they believe it will change the future of the world. Your child’s approach to the competition can take any form and we have every confidence that, with your encouragement, they will produce some inspiring ideas and creations. More information about the competition can be found [here](https://staracademies.org/news-story/star-pupils-discover-a-change-in-time-with-innovator-challenges): <https://staracademies.org/news-story/star-pupils-discover-a-change-in-time-with-innovator-challenges>.

You can download the ‘*A Change In Time*’ challenge leaflet [here](https://staracademies.org/wp-content/uploads/2024/03/Star-Innovators-Challenge-KS3-KS4-2PP-A5-Leaflet.pdf): <https://staracademies.org/wp-content/uploads/2024/03/Star-Innovators-Challenge-KS3-KS4-2PP-A5-Leaflet.pdf>.

We will review all entries and shortlist two of our pupils’ work from Key Stage 3 (Years 7-8) and two from Key Stage 4 (Years 9-11) to be submitted into the national final, where their work will be judged alongside pupils from other Star schools across the country. The top four entries in each age category will all be awarded a prize.

Please send your child’s completed entries by email to info@ebbham.staracademies.org. The deadline for entries is **midday on Monday 15th April**. Please ensure that the submission includes your child’s name, year group and form.

We intend to share a selection of the entries online, so please note that by entering the competition, you are giving permission for your child’s work to be published on the Star website, social media accounts and the trust magazine, along with their name and school.

Thank you again for your support and partnership, which are greatly appreciated.

Yours sincerely,

Ahsum Khan
Director of Learning for Science
